President's Message

This is my third and last message to the New England District of Kiwanis International as president of the Kiwanis Foundation of New England. It has been a great honor to serve and I look forward to what I think should be an exciting future. Permit me to discuss some of our newest projects.

The Kiwanis Pediatric Trauma Institute (KPTI) remains our flagship program - our partnership with Tufts Medical Center. We have tried in the past to find a fundraiser that would aid in our obligation with varying amounts of success. This year we partnered with Tufts in their annual Harbor Walk & Run in South Boston. We were able to get 11 walkers who were able to raise more than \$8,000.00. Not bad. I want to acknowledge all who supported us. Special kudos to all who participated. This should become an annual event.

Responding to the requests of several Kiwanians we now have a New England Disaster Relief Fund. We made our first donation to the Boston One Fund through Tufts and the Harbor Walk & Run. We need to become more flexible in response to the needs of our District, and this is a start.

In response to the needs of our District we have taken one step further with our grant program. The ability to send monies to clubs and SLPs to build Kiwanis is very powerful. One note of caution: we have a committee working on all aspects of this. I believe it is very important to make sure we have this right. We are going to go slow and then grow this program. We look forward to hearing from the District. Please share your concerns and questions, your likes and dislikes, and what you want from your Foundation.

Administratively we freshened up our by-laws to reflect the 21st century. Our books are on the District website and available to everyone. We have a Facebook page and PayPal. Very soon all our records will be in "the cloud." We have become very modern. Before closing I need to discuss our flagship program KPTI. This program is funded by the income from investments. This endowment has been funded mainly by Red Jackets. The fact remains that membership is one third of what it was thirty years ago. The Foundation believes the District pledged to grow the endowment. We believe that does not end with a Red Jacket. There is a second way to grow that endowment - with a crest upgrade. President-Elect John is making crest upgrades a priority. Consider them. Also remember when estate planning to keep KFNE in there with a Morton Society Medal.

Your Foundation is like that battleship trying to turn around. It takes time. I do it no justice here in my message to you in New England. I want to thank everyone who has helped me try to steer this Foundation on the right course. The talents of the board made my job much easier. I thank them for all their aid. Of course none of this works without the generosity and thoughtfulness of our District. I thank everyone for their kindness, generosity and patience with me for these past three years.

Yours in Kiwanis service,

Al Paul

Mission Statement

From KFNE Policy Manual

The Kiwanis Foundation of New England, Inc., (KFNE) is the 501(c)(3) non-profit charitable Fund-raising arm of the New England District of Kiwanis International (NEDK). The mission of the Foundation is to work in partnership with the New England District of Kiwanis and others to effect programs for the betterment of communities in New England and beyond, with special focus given to programs which affect young children.

History of the Foundation

The Kiwanis Foundation of New England was incorporated as a 501c(3) charity in 1953. It was initially created to collect tax-deductible funds from Kiwanians and other contributors, for a scholarship program to benefit a student in each of the six New England states.

The \$3000 budget for the scholarship program (to fund six \$500 awards) was quite high for the mid 1950s. It was this initiative that eventually led to the creation of the "Friends of the Foundation" program. Each contributor of \$1000 received a Foundation Red Jacket.

In 1978 the Foundation took a bold step. They asked then-President, Harold "Hap" Gerrish, DMD, to "search for a dramatic and appropriate project that KFNE could undertake and that could be renowned throughout New England and funded by the New England District of Kiwanis (NEDK) membership." With almost 10,000 Kiwanis members in the district at the time, a focused project could have a huge impact in the region.

Dr. Gerrish approached Dr. Ed Wyman, head of the Fracture Clinic at the Massachusetts General Hospital. After much discussion, Dr. Wyman suggested helping traumatized children. Doctors at the time knew that children reacted differently than adults to trauma, but no area hospital was conducting research. Dr. Wyman knew Dr. Jerry Grossman, who was leaving Massachusetts General Hospital for Boston's Floating Hospital. He was to head a new state-of-the-art pediatric clinic.

After numerous meetings with Floating Hospital officials, a project was presented to the KFNE board; the research center would be supported by Kiwanis. The center would focus on treatments administered to children, and share results throughout the medical community. Education was also a priority; paramedic personnel would learn the difference in medical treatments between children and adults.

The cost of the program was \$245,000 per year, and New England members accepted the challenge. For nearly ten years, clubs and members gave to the Foundation for KPTI.

In 1990 a proposal to permanently fund KPTI was accepted by the Board of Trustees. A \$3 million endowment (at an assumed 8% return) would provide funds for fixed expense at the time. Although the Foundation hasn't missed a payment, declining market rates have affected the project. The success of this important program will depend on the continued generosity of Kiwanians and friends around New England.

Contributions to the KPTI endowment are still needed. Red Jackets and Crest Upgrades will continue to benefit the pediatric program.

Today, the Foundation has created new ways to raise money, especially unrestricted money, so that other projects can be adopted. The Morton Society is one of the newest programs, and has been a success since its inception.

An initiative was launched to raise an additional \$1.5 million dollars which will increase our endowment to \$5 million dollars, (which at an assumed rate of return of 5%) should insure that we will continue to make our payment of \$245,000 each year to KPTI. This initiative is called "**Strive for Five**".

Red Jackets & Kiwanis Pediatric Trauma Institute

The Red Jacket is awarded to people who have shown great support of the KPTI Endowment Fund. They also make great gifts for special members of your club, or special people in your life.
